Unlock the Magic of Digital

Web/Cloud Software Developer (f/m/d)

Wattens, Austria

At Swarovski, where innovation meets inspiration, our people desire to explore, experience and create. As a Web/Cloud Software Developer (f/m/d) you will get a chance to work in a rewarding role within a diverse team that is pushing boundaries. Be part of a truly iconic global brand, learn and grow with us. We're bold and inventive, revealing astonishing things like no one else can. A world of wonder awaits you.

About the job

- Developing front-end web applications such as SPA/PWA in HTML5 and ReactJS
- Contributing to back-end development in form of RESTful APIs, which are built with either TypeScript, Java or C#
- Writing infrastructure as code, leveraging container technology, Linux and various AWS, Azure and on-premises server components
- Working in an integrated development workflow: git flow, reviews, PRs, automatic builds, tests and deployments, integrated ticketing
- Monitoring and optimizing performance and other aspects of running applications

About you

We are looking for a unique and amazing talent, who brings along the following:

- Computer Science or IT diploma (HAK, HTL, College, University, FH or similar) or a couple of years of relevant experience as software developer
- Specialization in either front or back-end development and knowledge of corresponding technologies (HTML+CSS, JavaScript - TypeScript, Java and C#)
- Skilled in version control topics, the release flow and build/deployment automation
- Fair knowledge of computing clouds, containers, databases and computer networks, as well as Unix-like environments
- Knowledgeable in agile development methodology
- Very good spoken and written English
